Dr. John E. Wickman  
 Director, Dwight D. Eisenhower Library  
 Abilene, Kansas 67410

Dear Dr. Wickman:

STAT I wish to thank the staff of the Dwight D. Eisenhower Library for their hospitality, cooperation, and effective support of our visiting classification reviewers, [redacted] during their recent visit. Dr. Leyerzapf and his entire group were most helpful. In particular, Dr. David Haight's experience, professionalism, and enthusiasm made our task both comprehensible and enjoyable.

I hope that your staff found the experience as profitable as ours did, and that the visit resulted in a better understanding of our position in dealing with classified CIA documents and information. If Dr. Haight, or other Eisenhower Library personnel should come to Washington and the National Archives for briefings on the new Executive order, I hope you will allow us the opportunity to return at least some of the hospitality you accorded to our people.

Sincerely,

S

STAT [redacted]
